### Coast Guard

### 33 CFR Part 100

[Docket Number USCG-2020-0332]

RIN 1625-AA08

### Special Local Regulations; Recurring Marine Events within the Fifth Coast Guard District

**AGENCY:** Coast Guard, DHS.

**ACTION:** Final rule.

---

**SUMMARY:** The Coast Guard is amending its special local regulations established for recurring marine events that take place within the Fifth Coast Guard District area of responsibility. The Coast Guard has periodically updated this regulation to account for changes in these marine events. Through this final rule, the current list of recurring marine events requiring special local regulations is updated with revisions, additional events, and the removal of events that no longer take place in the Fifth Coast Guard District area of responsibility. When these special local regulations are enforced, certain restrictions are placed on marine traffic in specified areas to promote safety on the water around marine events.

**DATES:** This rule is effective [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2020-0332 in the “SEARCH” box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

### **II. Background Information and Regulatory History**

The Coast Guard regularly updates the regulations for recurring special local regulations within the Fifth Coast Guard District listed in 33 CFR 100.501, and its respective tables. These recurring special local regulations are for marine events that take place either on or over the navigable waters of the Fifth Coast Guard District as defined at 33 CFR 3.25. These regulations were last amended June 13, 2017 (81 FR 81005). Since then, Marine Events within the Fifth US Coast Guard District have been newly created or changed in a way that varies from their description in this regulation. In response, on June 03, 2021, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Special Local Regulations; Recurring Marine Events and within the Fifth Coast Guard District (86 FR 29711). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to special local regulations and recurring marine events. The comment period ended on July 6, 2021, and we received no comments.

### **III. Legal Authority and Need for Rule**

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70041. The Secretary has delegated ports and waterways authority, with certain reservations not applicable here, to the Commandant via DHS Delegation No. 00170.1(II)(70), Revision No. 01.2. The Commandant has further delegated these authorities within the Coast Guard as described in 33 CFR 1.05-1 and 6.04-6. The Coast Guard has determined that the events listed in this rule could pose a risk to participants or waterway users if normal vessel traffic were to interfere with the event. Possible hazards include risks of participant injury or death resulting from near or actual contact with non-participant vessels traversing through the regulated areas. In order to protect the safety of all waterway users, including event participants and spectators, this rule establishes special local regulations for the time and location of each marine event. This rule prevents vessels from entering, transiting, mooring or anchoring within areas specifically designated as regulated areas during the periods of enforcement, unless authorized by the Captain of the Port (COTP), or designated Event Patrol Commander.

#### **IV. Discussion of Comments, Changes, and the Rule**

As noted above, we received no comments on our NPRM published June 3, 2021. We made no changes to the regulatory text as it was proposed in our NPRM. The following discussion explains the changes made to the CFR by this rule.

##### **A. Changes To Improve Clarity and Reflect Current Coast Guard Marine Event Policies**

We have made several stylistic and formatting changes to update 33 CFR 100.501, and associated tables, to provide greater clarity and remove potential ambiguities. We have also made revisions to reflect current Coast Guard marine event policy. The following is a summary of changes from the current regulatory text:

- Plain language edits, such as switching from passive to active voice and more clearly stating the enforcement period for each event

- Writing regulatory requirements and definitions in the singular rather than the plural, where appropriate
- Listing definitions and the events by COTP Zone in alphabetical order
- Reformatting the table entries so they all are similar
- Separating the special local regulations for each COTP Zone into their own tables
- Amending the name and location for Sector Virginia to Portsmouth, VA (where the command center is located), and updating the phone number for Sector North Carolina.

Additionally, we consolidated all defined terms into a single paragraph, 33 CFR 100.501(b), and listed them in alphabetical order. Currently the defined terms “buffer area”, “race area”, and “spectator area” appear in the regulatory requirements paragraph 33 CFR 100.5014(c) rather than with the definitions. These definitions have been moved to the definition section and put into alphabetical order. Regulatory requirements for these areas will remain in the regulatory requirements portion of the regulation.

We changed the defined term of “buffer area” to “buffer zone” to comport with the more common usage. The definition is revised to reflect that it may sometimes be appropriate to utilize a buffer zone at the event if there is not a spectator area within the regulated area.

We changed the defined term “Coast Guard Patrol Commander” to “Event Patrol Commander or Event PATCOM” in alignment with updated local policy. The underlying associated definition remains the same: a Coast Guard commissioned, warrant, or petty officer who has been designated by the COTP to act on their behalf.

We changed the defined term of “official patrol” to “official patrol vessel or official patrol” in alignment with updated local policy. The text of the definition remains unchanged except for some additional language to allow the Event PATCOM to be

augmented by local, state, or federal officials authorized to act in support of the Coast Guard in accordance with local agreements. This revision enhances the resources available to the COTP to ensure the safety and security of the public during these events.

We removed the defined term, “spectator”, and added definitions for “participant” and “non-participant”. This wording change better reflects who is actually present in and near regulated areas and how the Coast Guard regulates their activities.

#### B. Delegation of Authority for Determination of Requirement for a Marine Patrol

We amended current paragraph (b) and (c) in the final text, delegating authority to the local COTP to determine when a marine patrol is required. This delegation of authority from the District Commander provides the local operational commander with the ability to manage and maintain safety and security for events within their area of responsibility. We have also updated the text to allow for other government agencies to provide safety zone enforcement when working under local agreements and added the term Event Patrol Commander (Event PATCOM). Collectively, these changes enable the local Captain of the Port to retain operational control and incorporate risk based decision making to the event. Finally, a paragraph has been added giving authority to the COTP, COTPR, or Event PATCOM to postpone or cancel the event to ensure the safety of the event and the public.

#### C. Updates to Recurring Events Table 33 CFR 100.501

This rule adds 7 new special local regulations for recurring marine events, revises 12 previously established regulations for recurring marine events, and removes 14 recurring events listed in 33 CFR 100.501 for the reasons provided in the table. The revised events and the new events are required to comply with the requirements in 33 CFR 100.501.

## V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

### *A. Regulatory Planning and Review*

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the short amount of time that vessels will be restricted from certain parts of the waterway and the small size of these areas that are usually positioned away from high vessel traffic zones. Generally, vessels will not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the regulated areas. Advance notifications will also be made to the local maritime community by issuance of Local Notice to Mariners, Broadcast Notice to Mariners via VHF-FM marine channel 16, Marine Safety Information or Security Bulletins so mariners can adjust their plans accordingly. Notifications to the public for most events will typically be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these special local regulations will only be enforced one to three times per year.

### *B. Impact on Small Entities*

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit through a safety zone may be small entities, for the reasons stated in section IV.A above, this rule will not have a significant economic impact on any vessel owner or operator. These safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of the public. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the special local regulation zone. Generally, permission to enter, remain in, or transit through these regulated areas during the enforcement period may be given when deemed safe to do so by the Event PATCOM on scene.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small

Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

*C. Collection of Information*

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

*D. Federalism and Indian Tribal Governments*

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

*E. Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted

for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### *F. Environment*

We have analyzed this rule under Department of Homeland Security Directive 023-01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves implementation of regulations within 33 CFR part 100 that apply to recurring special local regulations for marine events that take place either on or over the navigable waters of the United States. Some events by their nature may introduce potential for adverse impact on the safety or other interest of waterway users or waterfront infrastructure within or close proximity to the event area. It is categorically excluded from further review under paragraph L [61] of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A memorandum for record (MFR) supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

#### *G. Protest Activities*

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

#### **List of Subjects in 33 CFR Part 100**

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

**PART 100--SAFETY OF LIFE ON NAVIGABLE WATERS**

1. The authority citation for part 100 continues to read as follows:

**Authority:** 46 U.S.C. 70041; 33 CFR 1.05-1.

2. Revise § 100.501 to read as follows:

**§ 100.501 Special Local Regulations; Marine Events within the Fifth Coast Guard District.**

(a) *Applicability.* Paragraphs (a) through (i) of this section apply to the marine events listed in paragraph (i) of this section. These regulations are effective annually, for the duration of each event listed in paragraph (i) of this section. Annual notice of the exact times, and dates if there is a range of possible dates, of the effective period of the regulation with respect to each event, the geographical area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will be published in Local Notices to Mariners and via Broadcast Notice to Mariners over VHF-FM marine band radio.

- (b) *Definitions.* The following definitions apply to this section:

*Buffer zone* means a neutral area that surrounds the perimeter of the regulated area or a race area within a regulated area. The buffer zone provides separation between a race area and spectator area, or between the regulated area and other vessels that are operating in the vicinity of the regulated area for marine event. The purpose of a buffer zone is to minimize potential collision conflicts between participants, participants and non-participants, or between participants and non-participants with nearby transiting vessels.

*Captain of the Port Representative* or *COTP Representative* means a commissioned, warrant, or petty officer of the Coast Guard designated by name by the

Captain of the Port to verify an event's compliance with the conditions of its approved permit.

*Event Patrol Commander or Event PATCOM* means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the respective Coast Guard Sector—Captain of the Port to enforce these regulations.

*Non-participant* means a person or a vessel not registered with the event sponsor either as a participant or an official patrol vessel.

*Official patrol vessel or official patrol* means any vessel assigned or approved by the respective Captain of the Port with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign, or any state or local law enforcement vessel approved by the Captain of the Port in accordance with current local agreements.

*Participant* means any person or vessel registered with the event sponsor as participating in the event or otherwise designated by the event sponsor as having a function tied to the event.

*Race area* means an area bound by coordinates provided in latitude and longitude within the regulated area, inside of which the actual racing events are held.

*Regulated area* means an area where special local regulations apply to a specific described waterway to include creeks, sounds, bays, rivers, and oceans. Regulated areas include all navigable waters of a specific body of water described with intent to define boundaries where the Coast Guard enforces special local regulations. Boundaries may be described from shoreline to shoreline, reference bridges or other fixed structures, by points and lines defined by latitude and longitude. All coordinates reference Datum: NAD 1983.

*Spectator area* means an area bound by coordinates provided in latitude and longitude within the regulated area that outlines the boundary of an area reserved for non-participant vessels watching the event.

(c) *Patrol of the Marine Event.* The respective COTP may assign one or more official patrol vessels, as described in § 100.40, to each regulated event listed in the table. For each event assigned a patrol vessel, an Event PATCOM will be designated to oversee the patrol. The patrol vessel and the Event PATCOM may be contacted on VHF-FM Channel 16. The Event PATCOM may terminate the event, or the operation of any vessel participating in the marine event, at any time if deemed necessary for the protection of life or property.

(d) *Special local regulations—(1) Controls on vessel movement.* The Event PATCOM or official patrol vessel may forbid and control the movement of all persons and vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, the person or vessel being hailed must immediately comply with all directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(2) *Directions, instructions, and minimum speed necessary.* (i) The operator of a vessel in the regulated area must stop the vessel immediately when directed to do so by an official patrol vessel and then proceed only as directed.

(ii) A person or vessel must comply with all instructions of the Event PATCOM or official patrol vessel.

(iii) A vessel operator may request permission to enter and transit through a regulated area by contacting the Event PATCOM or official patrol vessel on VHF-FM channel 16. When authorized to transit through the regulated area, the vessel must proceed at the minimum speed necessary to maintain a safe course that minimizes wake near the event area.

(3) *Race area.* Only participants and official patrol vessels are allowed to enter the race area.

(4) *Spectator area.* Non-participants are only allowed inside the regulated area if

they remain within a designated spectator area or have authorization from the Event PATCOM or official patrol vessel to transit through the area. A non-participant vessel must be stationary or operate at a safe speed while within the designated spectator area. On scene official patrol vessels or the Event PATCOM will direct non-participant vessels to the spectator area. A non-participant must contact the Event PATCOM or official patrol vessel to request permission to pass through the regulated area. If permission is granted, the non-participant must pass directly through the regulated area at minimum speed necessary to maintain a safe course that minimizes wake and without loitering.

(5) *Regulated area.* Non-participants are only allowed inside the regulated area to pass through or enter and remain within a designated spectator area. A non-participant must contact the Event PATCOM or an official patrol vessel to request permission to either enter the Spectator Area or pass through the regulated area. If permission is granted, the non-participant may enter the spectator area or pass directly through the regulated area as instructed by the Event PATCOM or official patrol vessel at minimum speed necessary to maintain a safe course that minimizes wake and without loitering.

(6) *Postponement or cancellation.* The respective COTP, or Event PATCOM may postpone or cancel a marine event at any time if, in the COTP's sole discretion, the COTP determines that cancellation is necessary for the protection of life or property.

(e) *Contact information.* Questions about marine events should be addressed to the local Coast Guard Captain of the Port for the area in which the marine event is occurring. Contact information is listed below. For a description of the geographical area of each Coast Guard Sector—Captain of the Port Zone, please see subpart 3.25 of this chapter.

(1) Coast Guard Sector Delaware Bay—Captain of the Port Zone, Philadelphia, Pennsylvania: (215) 271–4940.

(2) Coast Guard Sector Maryland-National Capital Region—Captain of the Port

Zone, Baltimore, Maryland: (410) 576–2525.

(3) Coast Guard Sector Virginia—Captain of the Port Zone, Portsmouth, Virginia: (757) 483-8567.

(4) Coast Guard Sector North Carolina—Captain of the Port Zone, Wilmington, North Carolina: (910) 343–3882.

(f) *Application for marine events.* The application requirements of § 100.15 apply to all marine events listed in paragraph (i) of this section. For information on applying for a marine event permit, contact the Captain of the Port for the area in which the marine event will occur, at the phone numbers listed above.

(g) *Enforcement periods.* Each year prior to an event the Coast Guard will announce details concerning the event, including the exact date(s) and time(s) of the enforcement period of the special local regulation and the geographical area, in the Local Notices to Mariners and by Broadcast Notice to Mariners over VHF-FM marine band radio. In the case of inclement weather or other just cause found by the respective COTP, the event may be conducted within 30 days before or after the date(s) listed in paragraph (i) of this section. If the event is held on an alternate date from that listed in paragraph (i) the Coast Guard will publish a notice in the Federal Register announcing the exact dates and time of the enforcement period with respect to the special local regulation in addition to announcement in the Local Notices to Mariners and Broadcast Notice to Mariners.

(h) *Regulations for specific marine events in paragraph (i) of this section—(1) USNA Blue Angels Air Show, Coast Guard Sector Maryland-National Capital Region—COTP Zone.* Except for an emergency situation, a vessel may not anchor or maintain station within the spectator area without the permission of the COTP Maryland-National Capital Region or designated Event PATCOM. The COTP Maryland-National Capital Region has designated this spectator area for commercial small passenger vessel use. This area is closed except for commercial small passenger vessels holding a valid

Certificate of Inspection regulated under 46 CFR chapter I, subchapters K and T (46 CFR 114.110, and 175.110). Vessels that meet the requirements of this section may request access to the Severn River spectator area by contacting the City of Annapolis Harbormaster at (410) 263–7973 or email [harbormaster@annapolis.gov](mailto:harbormaster@annapolis.gov) to obtain a vessel spectator area application. Vessel spectator area applications shall be submitted no later than 10 calendar days prior to the event date. Applicants will be notified by the COTP Maryland-National Capital Region or COTP representative regarding status of applications and further instructions. All vessels shall contact the Event PATCOM on VHF-FM channels 16 or 22A prior to transiting to the spectator area to confirm entry approval. Vessels approved for spectator area access shall follow the instructions issued by the official patrol vessels or the Event PATCOM when entering the regulated area. The regulations for this event will restrict access to some of the anchorage grounds at Annapolis Harbor, MD, specifically Middle Ground Anchorage, South Anchorage, and Naval Anchorage for Small Craft, listed at 33 CFR 110.159(a)(1) through (4).

(2) *Air Show Baltimore, Coast Guard Sector Maryland-National Capital Region—COTP Zone.* Except for an emergency situation, a vessel may not anchor or hold station within the spectator area without the permission of the COTP Maryland-National Capital Region or Event PATCOM. The COTP Maryland-National Capital Region has designated this spectator area for commercial small passenger vessel use. This area is closed except for commercial small passenger vessels holding a valid Certificate of Inspection regulated under 46 CFR chapter I, subchapters K and T (46 CFR 114.110 and 175.110). Vessels that meet the requirements of this section may request access to the Patapsco River spectator area by contacting the Sail Baltimore at (410) 522–7300 or emailing [info@sailbaltimore.org](mailto:info@sailbaltimore.org) to obtain a vessel spectator area application. Vessel spectator area applications shall be submitted no later than 10 calendar days prior to the event date. Applicants will be notified by the COTP Maryland-National Capital

Region or COTP representative regarding status of applications and further instructions. All vessels shall contact the Event PATCOM on VHF-FM channels 16 or 22A prior to transiting to the spectator area to confirm entry approval. Vessels approved for spectator area access shall follow the instructions issued by on scene official patrol vessels or the Event PATCOM when entering the regulated area. The regulations for this event will restrict access to some of the anchorage grounds listed at 33 CFR 110.158, Baltimore Harbor, MD. Specifically anchorage grounds:

- (i) Anchorage No. 1, general anchorage;
- (ii) Anchorage No. 2, general anchorage;
- (iii) Anchorage No. 3A, general anchorage; and
- (iv) Anchorage No. 3B, general anchorage and
